Academic Year 2024 – 2025 Tuition Fees Circular

24/03/2024

Dear Parents,

Greetings!

We hope this communication finds you well and filled with anticipation for the upcoming academic year at Indian School Bousher. As we gear up for another year of growth and learning, we would like to inform you about some important updates and developments at our school.

We are excited to share that in the Academic Year 2024-2025, we will be introducing a range of new initiatives designed to enhance the learning journey of our students. These initiatives include the incorporation of skill-based subjects such as Artificial Intelligence, Marketing, and Business Management, the introduction of PE Power Up (Mass PE drill), the development of reasoning skills, and Olympiad Training. We are confident that these activities will not only promote physical well-being but also nurture critical thinking and innovation among our students.

We are pleased to share that we have made significant progress and overcome many challenges over the past years. Your trust and support have been invaluable in our journey towards excellence in education. As we embark on the Academic Year 2024-2025, we are committed to offering a vibrant and engaging curriculum that inspires curiosity, creativity, and lifelong learning.

Additionally, we have arranged a Parent Orientation session to offer more information regarding the upcoming Academic Year Calendar, new curriculum initiatives, and important academic details.

After careful consideration and assessment, there have been some readjustments in different fees paid by certain parents. Specifically, the subsidy provided to the first set of parents, which has been in place for the last five years, will be withdrawn in stages to ensure parity among all families. We appreciate your understanding and cooperation in this matter.

Please be informed that the last change in school fees was two years back in the year 2021-2022 and the current adjustments made to the tuition fees are as approved by the Board of Directors and confirmed by the School Management Committee for the Academic Year 2024-2025.

The changes and updates are outlined as follows:

1. **Grade KG to VIII** – All parents paying tuition fees 67/- OMR will pay 68/- OMR.
2. **Grade II to VII** 2019/2020 students– All parents who were paying 63/- OMR per month will pay 68/- OMR with 2/- OMR subsidies per month for the year 2024-25. This means they will pay 66/- OMR AY 2024-25 and in the year 2025-26, they will be at parity with the rest of the children in terms of fees with no more subsidies being the first set of parents at ISB.
3. **Grade IX to XII** – The tuition fees will be 69/- OMR + 1/- OMR lab and other consumable charges per month.
4. **Foreign nationals** will be paying 83*/- OMR up to tuition fees per month.
5. 10/- OMR annual infrastructure maintenance charges will apply to all like in past years.
6. Late fees after 40 days will be applicable @ 1/- OMR per month for every month of delay.
