

"Ek Ped Maa Ke Naam – Neem Tree Plantation" 🌱

👤 **Student Name:** Roofeya Manaal [12A]ISB10975]

👩 **Mother's Name:** Najmunnisa

🏫 **School:** Indian School Bousher

🌿 **Plant Chosen:** Neem (Azadirachta indica)

💧 **Care Instructions:**

- Needs full sunlight ☀️
- Water every 2–3 days when young
- Grows best in well-drained soil
- Add organic compost occasionally
- Prune gently to shape as it grows

🌍 **Ecological Benefits:**

- Produces oxygen and purifies air
- Acts as a natural pesticide
- Helps prevent soil erosion
- Cools surroundings and provides shade
- Has antibacterial & antifungal properties

🌿 **Did You Know? Neem Edition!**

- Neem is called the "Village Pharmacy" in Ayurveda
- Can grow up to 20 meters tall
- Used in cosmetics, toothpaste & traditional medicine
- Stays green even in droughts
- Used in toothpaste, soaps, skincare
- Every part—leaf, bark, oil—has a use
- Can live for 150+ years
- Sacred in Indian tradition 🌿

"One Tree, Many Lives – A Tribute to My Mother and Nature."
