INDIAN SCHOOL BOUSHER

SCHOOL VISION

To be the best at what we do: transform children into empowered global citizens and life-long learners, through academic excellence and holistic education.

SCHOOL MISSION

To be a community driven centre of excellence and offer **HOLISTIC LEARNING** that comes from within - with emphasis on the academic, physical and psychological wellbeing and proficiency.

INDIAN SCHOOL BOUSHER

The Bousherian learner profile encompasses a diverse array of human capabilities and obligations that extend beyond mere academic achievements. They imply a commitment to help all members of the school community learn to respect themselves, others and the world around them. Indian School Bousher is committed to the development of students according to the learner profile

The Power of Trees

A single large tree can provide enough oxygen for four people to breathe for a whole day. They are the Earth's lungs!

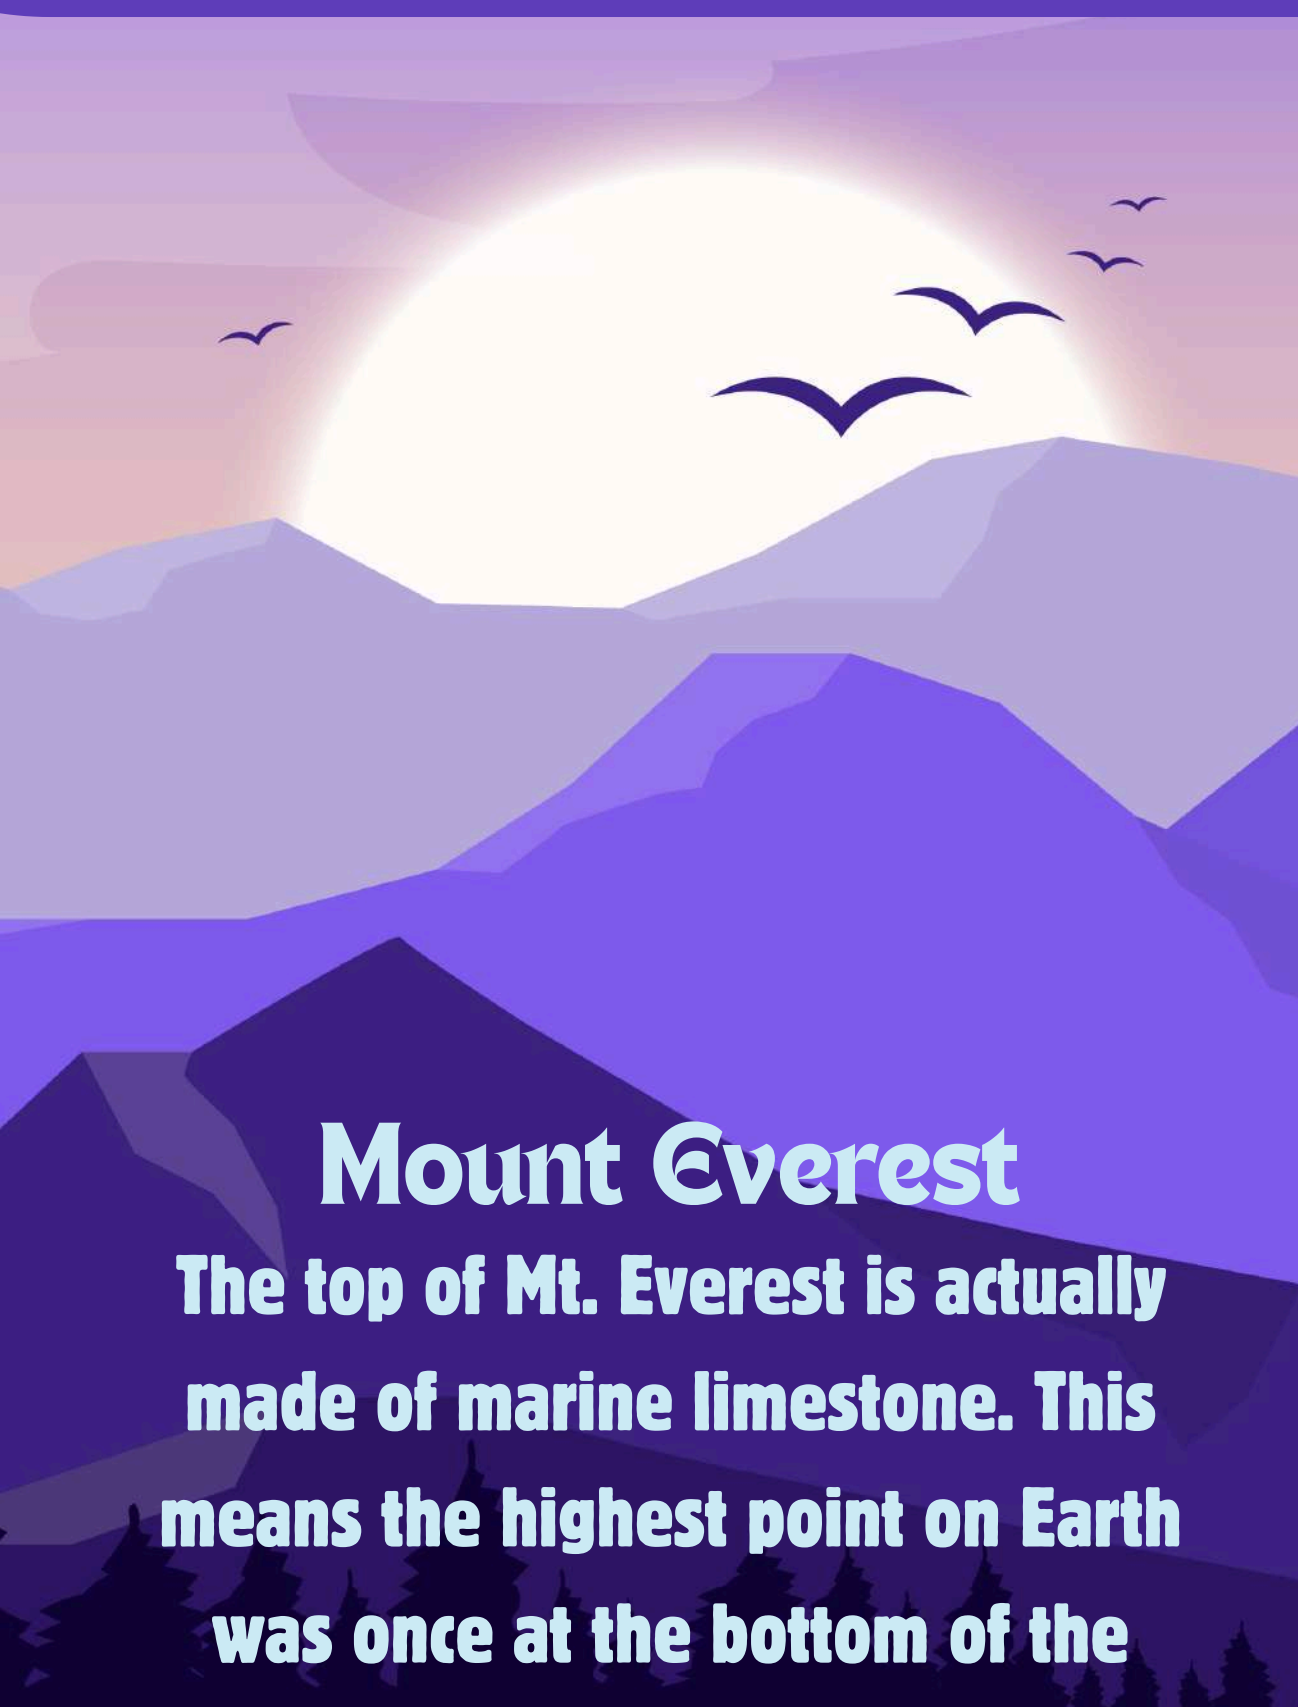

The Deep Roots:

Practice "Grounding." Sit quietly for 2 minutes and list 5 things you can see, 4 you can touch, and 3 you can hear.

The Red Planet
On Mars, the sun looks blue when it sets! This is because the dust in the Martian atmosphere scatters blue light differently than Earth's.

The Perspective Shift:

Next time you disagree with a friend, try to explain their side of the story back to them before you argue your own.

JULY

Statue of Liberty

The Statue is made of copper (like a penny). It turned green because of "oxidation"—the air and water changed the metal's colour over 30 years!

The Pyramids

The Great Pyramid of Giza was the tallest building in the world for over 3,800 years. It is made of 2.3 million stone blocks!

The Foundation Builder:

Practice "Tidying Up." Keep your desk or bed clean for one whole week to see how a clear space helps a clear mind.

The Northern Lights
These "dancing lights" (Aurora Borealis) happen when tiny particles from the Sun crash into Earth's atmosphere at 45 million miles per hour!

The Gratitude Glow:

Write a short "Thank You" note to someone who helped you this month, even if it was for something small.

The Great Wall
The Great Wall of China is over **13,000 miles** long. If you laid it out in a straight line, it would reach halfway around the Earth!

The Goal-Setter:

Write down one thing you want to learn this year. Break it into three small steps you can do this month.

Space Pioneers
Katherine Johnson was a "human computer" for NASA. She calculated the path for the first humans to reach the moon using just a pencil and paper!

The Persistence Pulse:

When something feels hard this month, say out loud: "I can't do this yet, but I am practicing."

The Eiffel Tower

During the summer, the Eiffel Tower actually grows! The metal expands in the heat, making the tower about 6 inches taller.

The Flexibility Stretch:

When plans change unexpectedly, take three deep breaths and think of one "good thing" about the new plan.

EDUCATE TO INNOVATE
