Grade 5 Timetable

As this is a transition involving a developing situation, a tentative timetable for Grade 5 has been prepared, incorporating the core academic subjects and adding value by building on the enrichment component. We completely understand the importance of co-curricular and physical activities in the holistic development of our children. Therefore, more periods including Swimming, Physical Education (P.E.) and other activities will be incorporated into the timetable going forward. We kindly request your patience and understanding as we work towards finalizing the timetable and ensuring a smooth transition. We assure you that every effort is being made to put all the arrangements in place at the earliest.

We look forward to your continued support, cooperation and understanding as we work together for the well-being and development of our children.

Thank you for your great support and cooperation, as always.

With Warm Regards

**Principal
